

Coffee table Rotunda

202 usd

- Exhibited at the exhibitions Interior of the Year, Kiff, Design Living Tendency, INTERIOR MEBEL.
- Designed and manufactured in Ukraine, with love!

rotonda

The Rotonda table is a tribute to past architectural forms. Made from thin rod, the visually lightweight design is designed to decorate public spaces, terraces and balconies. You can put any plant and even a small tree inside the structure, which will enliven and decorate the room by creating a greenhouse under the working surface. And the open shelves of the table will be decorated with colorful magazines stored on them.

Designer: Sergey Lvov
Year of creation: 2014

Height: 615 mm
