RUN 2021

Rug for living room Urban 200x300 cm

230 usd

- Decorated with a pleiad of colourful geometric shapes.
- The mischievous design will add brightness to your living space.
- Designed and manufactured in Ukraine, with love!

The Urban rug is decorated with a pleiad of mottled geometric shapes, associated with a modern Scandinavian textile product. It exudes mischievousness and frankness, creating a relaxed atmosphere. Its design playfully plays with radio waves with different frequencies and lengths. "We live in a time when information is streaming past us in an endless stream. With the world quarantined, there is even more information as there is more time to absorb it. In the Urban model, we visualised the information noise and encapsulated it in an irregular rhythm, resulting in an interesting pattern."

Urban has a warm colour palette based on white, ash-black, solferino, saffron, and lemon hues. As well as a cool one - in which a shade of navy is chosen as the primary colour. It is made using six colours, and is available in contrasting colour combinations, and in several sizes. Choose the largest size 2000x3000mm for the dining area; the round mat 1600x1600mm to place under the coffee table in the living room or bedroom; the narrow mat 2300x1600mm to create cosiness in the hallway or dressing room.
