

Steel chair Dewy circle

212 usd

- Exhibited at Paris Design Week 2018; and at Kiff, Design Living Tendency, INTERIOR MEBEL.
- Stackable in 4 units.
- Designed and manufactured in Ukraine, with love!

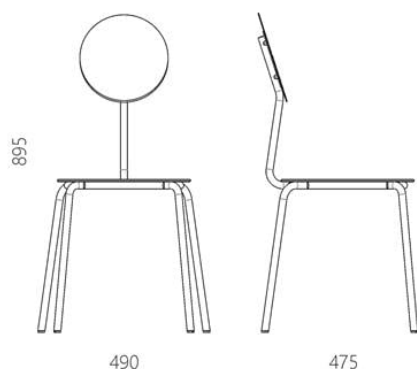

A collection of accent chairs for modern public spaces. This is a concise addition of chairs with a backrest in the form of the exotic plant *Monstera deliciosa*. Designing the chairs with simple elements, we focused on the nuances of the pipe bends and welded joints. Taking them out of a purely technical context and into the realm of aesthetics. For outdoor terraces, a version with a seat made of recycled plastic or HPL is possible.
