

Set of 2 tropic wall shelves Dewy

128 usd

- Convenient storage and display space for decor items. The front edge prevents them from slipping off.
- We hand-drew a sketch of the leaf, made a reamer for laser cutting the steel at 1500°C and then bent it with a 25 tonne press.
- We dream of making them in brass, stainless steel, or picking a colour just for your object. Open to creative experimentation.

The Dewy wall shelf set is made in the form of a bent leaf of the exotic plant *Monstera deliciosa*. They don't imitate a tropical interior, but are a beautiful reminder of a carefree life surrounded by the gentle sea, refreshing breeze, exotic flora and fauna. In the cold season, when the weather outside the window is overcast, this decor warms the hearts of the owners and their guests with its pleasant memories of warm countries.

Designer: Sergei Lvov

Year of creation: 2017

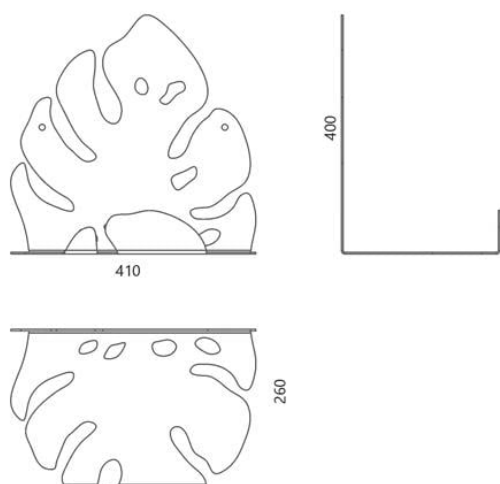

Height: 400 mm

Width: 410 mm

Depth: 265 mm

Materials and instructions

Frame: steel plate, powder coating, brass hallmark of authenticity, fixing kit.

Package information

Reliable cardboard packaging. Package quantity: 1 pc. 420x280x410 mm. Weight: 2 kg. Requires assembling.
