Metal pendant lamp Mistress

158 usd

- An elegant silhouette combined with a new concise aesthetic preference.
- Exhibited at Kiff, Design Living Tendency.
- Created in collaboration with Pikart lights, with love!

The inspiration for the Mistress lamp has nothing to do with material objects. It is inspired by the feelings of contemplating the unbridled energy of a woman's independent spirit, her cold-blooded power at the dawn of success. The individuality of the lamp is expressed by the bold composition of the unity of two opposites: a fragile and determined nature. The design of the lamp delicately reinterprets traditional Baroque aesthetics. It retains an elegant silhouette with a touch of noble materials embodied according to new aesthetic preferences. This combination has given rise to a contemporary look that is both minimalist and refined. The refined character of Mistress gives a sense of spiritual lightness.

Designer: Sergei Lvov
Year of creation: 2019
