SMILE is a simple and convenient product that combines decoration with function. The inspiration was the idea of creating a positive mood and motivation for the whole day.

The mirror can be mounted in both horizontal and vertical positions. In a horizontal position, the distance between the base and the wall serves as a shelf for notebooks and magazines. And the free space on the perforated metal base serves as a practical place for placing photos, reminders, wish and to do sheets, using magnets.

Brass accents and the inspiring message "SMILE" create an emotional connection between person and object, harking back to the tradition of choosing long-lasting objects.

"Look at you! Take a look at your affairs and plans! Smile!" - this is the motto of the product.
