- It has a warm appearance and evokes a feeling of security and home comfort.

uni

The UNI chair is our joint development with the Stas Litvinov Studio workshop. Featuring an outer cover in Dekoma Agnello faux fur, the updated model expresses the spirit of simplicity and spontaneity. It has a warm appearance and evokes a feeling of security and homeliness. Ideal for laconic interiors in Scandinavian and eco-style. The pillow's soft shapes, with a playful modern design, look naturally comfortable. Its filler consists of a special proportion of two components: elastic holofiber fibers and mini-granules of polystyrene foam, capable of adapting to the body and sitting position. These are environmentally friendly and hypoallergenic materials. The flowing metal frame, which extends along the contour of the chair, creates an overall silhouette and also serves as support when sitting.

Designers: Stas Litvinov, Sergey Lvov

Year of creation: 2021

Height: 645 mm

Width: 900 mm

Depth: 900 mm

Materials and instructions

Frame: 16 mm steel pipe, polymer powder paint, plastic lining. Soft part: removable outer cover: Dekoma Agnello faux fur, 100% polyester. Inner cover: quilted cotton. Filler: a combination of holofiber fibers and mini-granules of polystyrene foam. Care: to keep the fibers and pillow filled with air, it needs to be shaken from time to time. Vacuum the outer cover regularly with the brush attachment. Fresh stains should be blotted immediately with a clean, absorbent cloth. The maximum load on the product is 150 kg. Do not use the product without an outer cover. Over time, the chair shrinks. It is recommended to add material once every three years. Service life: 5-10 years. [Care instructions](#)
