- Has a beautiful geometric pattern with a contrasting colour design.
- It will be a great visual element in any living space.
- Designed and manufactured in Ukraine, with love!

Adventure is a timeless geometric pattern of alternating squares. Its unusual design reflects the divergence and convergence of an initially flat space in a chaotic pattern. "If we imagine that our life is a game of chess, the shape of the board would not be flat, as in the classic game, but exactly like this. Undulating and discontinuous. In Adventure, we create a distorted shape through simple geometry, emphasising the simplicity and complexity of our lives at the same time".

Adventure has a warm colour palette based on ash black, white, saffron and dark and light shades of marsala. It is made using two colours, and is available in contrasting and nuanced colour combinations, and in several sizes. Choose the largest size 2000x3000mm for the dining area; the round rug 1600x1600mm to place under the coffee table in the living room or bedroom; the narrow rug 2300x1600mm to create cosiness in the hallway or dressing room.
