Wall-mounted console table with shelf Cercano

431 usd

- Compact table for interiors with limited space.
- It is characterised by minimalist design and noble materials.
- You can place it against any wall, but don't forget about mounting.
- Use it as a desk or dressing table, as well as a shelf for books, plants or TV.
- Designed and made in Ukraine, with love!

The Cercano console table (from Spanish for "next to") tells the story of the modest influence of man on his creative power. By exploring the nature of fickle attention, we have created a compact object that, like a personal concierge of insights, is at your fingertips not by work schedule but by flow. Cercano combines handmade woodworking techniques with technological metalworking processes, preserving the warmth of the craftsman in each piece.

The design of the table plays off gentle minimalism, combining curved lines, rounded edges, and a tactilely pleasing table top in natural ash wood. Its appeal is particularly emphasised by the luxurious black finish. It shows off the natural texture, enveloping the workstation in a halo of mystery. The sturdy and portable desk can adapt to any interior, especially those with limited space. At the bottom of the wall is a shelf for small items. If the Cercano table is used as a boudoir table, it can become a storage space for decorative cosmetics and grooming products.

Designer: Sergei Lvov
Year of creation: 2021

Height:	896 mm
Depth:	500 mm
Width:	995 mm

Package information

Reliable cardboard packaging. Package quantity: 2 pieces. 960x520x50 mm, 1020x920x200 mm. Weight: 13 kg. Requires assembling.
