

Three-seater fabric sofa TUTTU Monteur

679 usd

- Designed and manufactured in Ukraine, with love!

The three-seater sofa is a new addition to the TUTTU Monteur collection, which opens up new possibilities for furnishing public spaces. It features more formal ergonomics with a comfortable seat depth. The laconic sofa is characterised by a friendly design. It takes its name from the French word editor. Inspired by a man who thoughtfully cuts away the superfluous, leaving the essence. Monteur has come to epitomise this craft, with its concise appearance and meticulous detailing. It is characterised by the rounded and harmonious shapes of the seat and backrest on a versatile steel frame. The removable outer cover is attached to the frame with convenient Velcro fasteners. This design has lightened the weight of the sofa, allowing you to organise and keep your space clean quickly and without hassle.
