- We use traditional carpentry skills, with artistic selection of wood grain and seamless gluing of lamellas on microship.
- Individual wood tinting or painting according to RAL and NCS palette in the shade/colour you need is possible.
- Designed and manufactured in Ukraine, with love!

The Belvedere bar counter is inspired by an elegant architectural element (from Italian belvedere — "beautiful view") — a tower crowning a building, erected to beautify and view the surrounding area. The modern design of the bar counter keeps the space neat and serves as a functional work surface. It will provide you with a comfortable bar table, a roomy dining table and a spacious desk. Solve the needs of modern life by utilising it according to your habits. Interaction with Belvedere will be comfortable thanks to natural materials and easy assembly. It has a metal removable support and a textured wooden table top.
