- It can be additionally equipped with mortise electrical fittings and trays for wires and other storage.
- We use traditional carpentry, with an artistic selection of wood patterns and seamless gluing of lamellas onto a microtenon.
- It is possible to individually tint the wood, or paint it according to the RAL and NCS palette in the shade/color you need.
- Designed and manufactured in Ukraine, with love!

The stable design of the base balances the elements of the composition. In this case, the main attention is focused on the noble, massive tabletop. Its large size requires careful selection of wood with a pronounced pattern.
