Low rectangular coffee table Quarz

371 usd

- We use traditional carpentry skills with artistic selection of wood grain and seamless gluing of lamellas on microship.
- Individual wood tinting or painting according to the RAL and NCS palette in the shade/colour you need is possible.
- Designed and manufactured in Ukraine, with love!

The Quarz coffee table is characterised by strict edges and intricate geometric elements. It is an interpretation of a natural form. The table is inspired by the mineral of the same name. The clusters of its crystals give rise to the chaotic structure of the base table, made up of prisms and pyramids. The image is completed by the sharp edges of the rectangular table top. The oil-tinted finish retains the sprawling wood grain. The total black finish reveals the deep texture of the surface.

Designer: Sergei Lvov
Year of creation: 2017

Height:	350 mm
Depth:	1200 mm
Width:	600 mm
