Desk with open shelves Markers

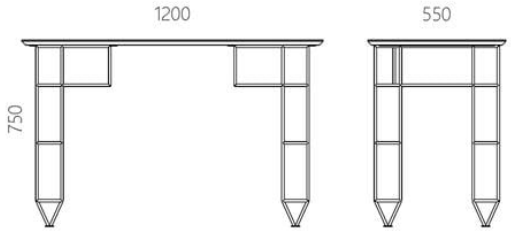

798 usd

- Can be optionally fitted with recessed electrical fittings and trays for wires and other storage.
- We use traditional carpentry skills, with artistic selection of wood grain and seamless gluing of lamellas on microship.
- Designed and manufactured in Ukraine, with love!

The Markers desk is an unexpected image sketched in a sketchbook: clumsy legs and striking lines. We have preserved this effect of spontaneity: the lines of the desk are drawn in the air as if with a bright felt-tip pen.
