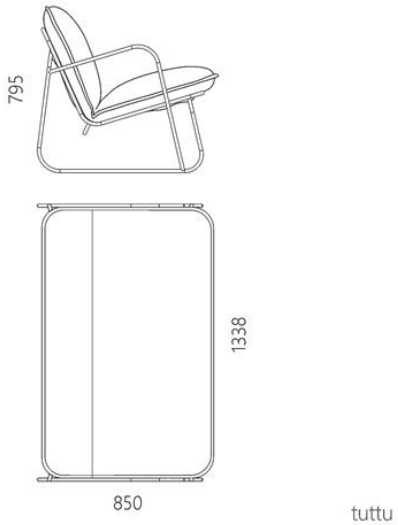
Two-seater fabric sofa Monteur boucler

522 usd



- The updated version is made of textured bouclé fabric with a voluminous knotted surface.
- It is characterised by a warm appearance, evokes a feeling of security and home comfort.
- It has an angle of backrest inclination - according to Alvar Aalto's ergonomic types of seating in 1931.
- Designed and manufactured in Ukraine, with love!

Updated version of the Monteur sofa with an outer cover in textured bouclé fabric with a voluminous knotted surface. The two-seater sofa with soft and cosy shapes is characterised by a friendly design. It takes its name from the French word editor. Inspired by a person who thoughtfully cuts away the superfluous, leaving the essence. Monteur has come to epitomise this craft, thanks to its concise appearance and meticulous attention to detail. The upholstered part has a removable outer cover with two separate sections for the inner cushions. It is quickly attached to the frame with convenient Velcro fasteners. The sofa can be used for home environments as well as more formal spaces and lounges. It is unprecedentedly lightweight, allowing for quick and hassle-free space organisation and cleanliness. Monteur boucler is easy to personalise, thanks to the interior textile palette of 20 shades.
