Metal pendant lamp Kubis

180 usd

- Exhibited at the exhibitions Design Living Tendency, Warsaw Home.
- A bold image that can neither be filled with meaning, nor thrown out of your head.
- Designed and made in Ukraine, with love!

The Kubis lamp collection is dedicated to the 100th anniversary of Kazimir Malevich's painting Suprematist Composition of 1916. It is our attempt to form from the position of dynamic tension of elements, contrast of colour, and the search for a new reality. Combining the latest trend of graphic design art-direction, with the basic elements of the visual philosophy of Suprematism of the early 20th century: the quadrilateral, cross and circle, we have created an abstract image in three-dimensional reality. Kubis is an image devoid of any content, which can neither be filled with meaning nor thrown out of your head.
